4 <sup>th</sup> tournament will be Legion State if qualified		Approximately 28 games on the schedule. Depth in tournaments will add more games.
Approximately 40-45 games on schedule with additional games varying on how deep into tournaments the team gets. Doubleheaders and single 9 inning games outside of Legion play.	Approximately 34 games on schedule with additional games picked up during tournaments with how deep the team goes.	This team will focus on developing individual skills, team defensive skills, situational play, offensive approaches, and learning how to compete at a higher level.
This team will focus on playing as competitively as possible. Our team goal is to compete at our highest level every pitch of every game. Practices will be designed to increase team skills and situational awareness.		All players on this roster will be considered pitchers and will learn the proper mechanics, secondary pitches, and a pitching mentality.

We are asking that any players interested in playing Yotes Summer Baseball for the 2020 reach out sooner rather than later to let the coaching staff know of your interest. We also encourage families to reach out with any questions they may have sooner rather than later. We understand there's plenty of time and many other things to do, but the more we know now about your interest the better prepared we can be.

Player fees are TBD at this point.

The summer schedule is not set in stone and may change with the number of interested players.

\*\*Players who are interested in playing a 50+ game schedule for the summer or playing in multiple out of state tournaments are encouraged to look elsewhere. While we may not be playing as many games as other programs in the area, we will put more emphasis on your development as a player. The summer season is dedicated to balancing your individual player development within a competitive atmosphere.
